We have received the Hancock Eagle of the 8th inst., and gather from it the following items respecting Mormon affairs:—

The TERLE IN THE MARKET.—The deliberations of the great Mormon Council, which was held on Sunday last, (on the occasion of the dedication) resulted in the passage of a resolution to sell the Temple for the purpose of obtaining funds to effect a removal of the poor from the State. Of the immense concourse assembled within the walls of this huge and magnificent edifice, there was but one dissenting voice upon taking the question, and we are informed that this one was not entitled to a vote. The sumber present was not probably less than 5,000; and the opinion as to the policy of selling out all the church property and hurrying off the poor, was unanimous. Since the date of these proceedings, the express which was dispatched to the great caravan nine or tendsys ago, has returned with information that the "Twelve' had assembled in conference with their hosts, and together had unanimously passed a resolution in structing the trustees to sell the Temple as soon as passible, and appropriate the proceeds to a removal of the poor who have labored upon it, and others who are unable to provide themselves with the necessaries of life.—All the constituted authorities of the Mormon (and the poor who have labored upon it, and others who are unable to provide themselves with the necessaries of life.—All the constituted authorities of the Mormon (and appearing to built of the poor who have labored upon it, and others who are unable to provide themselves with the necessaries of life.—All the constituted authorities of the Mormon (and the provide themselves with the necessaries of life.
